

Think

I. What I Think

What I think

What I think

I think it so much

It takes me all day

My genuine reverence for what I think

I couldn't say

I'd never say

II. I'm Think

But think

It's like think think

You know, think,

I'm think

If you think for yourself

Is it selfish?

If you blindly fall in line

Is it mindless?

Are you thinking what

Are you thinking?

Subconsciously

Don't know you're working?

If you think for yourself

Are you thinking for others?

III. Think Again
